

Saint Francis Medical Center College of Nursing  
Peoria, Illinois  
BSN Fall 2017 Textbook List

## **READ THIS FIRST!**

The College of Nursing has no bookstore. Textbooks can be purchased at the Peoria Barnes and Noble store (request them at the checkout counter), or purchased or rented online. Titles, prices, and quantity in stock are subject to change. Prices posted are provided by the publishers and represent the price they charge to the public. If substantive changes are made to this list after publication, your instructor will contact you. If you have questions, please call the College Library at 309-655-2180.

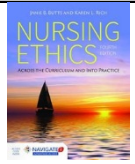

## **For J1s and S1s**

Some of your textbooks are available directly from one of the publishers—Elsevier—in specially priced packages that will save you money if you want to purchase new books. One package is for print books only. The other is for print books and e-books. **Both packages include Evolve online components, but these components are free for all students, even if you do not purchase a package. You will receive access to them from the College.**

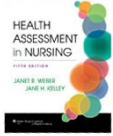

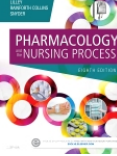

You must purchase the packages directly from Elsevier, but you can choose to purchase individual books separately at BarnesandNoble.com, Amazon.com, or other online retailers instead. However, you must purchase the required Adaptive Quizzing components directly from Elsevier even if you do not purchase a package. The packages will not be available from the Peoria Barnes and Noble store. **You will receive additional information about how to purchase a package, but you are not required to purchase it.**

The packages do not include all of the textbooks you need for fall semester. Look at the textbook list to determine which additional books you need to buy separately. The book list includes information about print books only, not e-books.
